

Meet the Artist:

Bill Devine

Awareness of nature's magnificence came early to Bill at the San Diego Zoo where he would often accompany his father to work.

Global travel via a military career brought Bill to Alaska in 1968.

Since then he's

wandered over The Last Frontier recording scenes from a land unlettered and cageless.

We're proud of our association with this extraordinary talent. Etchings from

The Alaska Mint represent some of the finest Alaskan art available. Enjoy yours.
